## 7. Description Of Incident

Rounded leeward gate in 5th position, rib at leeward was showing course had been changed. I saw the rib with mark going to left hand side so I went there and then the rib stopped turned around and went right and then did the same thing again to the left before laying the windward mark. At this point the fleet had completed half of the upwind leg, because of the ribs movement back and forth I fell from 5th place to 30th on that upwind leg.
