7. Description Of Incident

We were on starboard tack, Woodstock was on port. We tried to avoid collision but our pulpit caught their port side stay and damaged our pulpit so that we had to retire from race. I expect we are now done for the season until we are able to sort out insurance and damage.

8. Damage Or Injury

Pulpit was bent and damage to fibre glass on fore deck. Thankfully no one was injured. I am not sure about all the damage on Woodstock.
