7. Description Of Incident

About 15-20 before start signal, I overlapped on leeward of 215315. We both were waiting to start. At about 9 second to start, 215315 bore down, I said "windward boat" then there was contact. The main sheet of 215315 touch near bow of my boat and maybe touched part boom and possibly mast. I bored away and said Protest 315. She started and never did penalty turns. After finish, I went to 215315 and told her that I would protest her for the incident at the start.
