## 7. Description Of Incident

2fast4you was able to fix and close the holes in the hull temporary and is able to continue racing. 2fast4you was unable to repair the bowsprit because of 2 reasons: 1 it was impossible to manufacture a custom designed bowsprit within 1 day. 2 the temporary repair of the holes in the hull is for sealing only does not allow the fitting close to the hole, to but on the stress of the stay of the bowsprit. Therefore we ask the committee to allow the change of the specifications of 2fast4you and continue racing without code 0 and the adjustment of the time correction factor accordingly.
