7. Description Of Incident

I was starting the 3rd boat from the pin end, had clear passage through the pin. 2990 was a boat leewards from me and 3926 was a boat leeward from 2990. 3926 didnt made and went up and after the contact with rib and 2990 tacked. 2990 responded by heading head to wind, so did i. I was pushed head to wind and more to the other tack so i could avoid the contact. Eventually we all got stuck and me and 2990 had contact. Boats touched and started spinning (my boat) i touched the pin end rib. Didnt made 360
