7. Description Of Incident

About 30 seconds to go. We were about six boat lengths away from the committee boat .To leeward of viktor was Grace and to windward was Zita. Above myself (Zita) was Kate. We were all very closely bunched together. Viktor begins to bear away at about 20 seconds to start. He ends up crashing into Grace multiple times (windward leeward breach). Grace shouts windward at him and then he begins to point up in to me and tacks on to port. He crashes in to me and pushes my bow to tack on to port too. This happened at about 5 seconds to go. After being forced to tack, I had no room to avoid Kate and end up hitting her too, causing her to tack. Everyone closer to the committee boat had stated to accelerate at this stage. This all caused a big cluster of boats and forced us duck under everyone. We ended up starting at least 10 seconds behind everyone.
