7. Description Of Incident

In the first race of the second session, me and tituan were fighting for 2nd place at the bottom reach. At 15 meters to the third mark i was upwind to tituan and we had an overlap. I lift up my wing to see tituan and i shout to him so he knows i am there. We approach the third mark and he does not give me room to pass the mark. So i shout protest very loud. I then lift up my wing and have to let him pass me. If i did not let him pass there would be a collision.
