7. Description Of Incident

In race 2, on the last downwind, we were approaching the finishing line on starboard on the layline for the race committee boat. CHN46 was on port tack and on a collision course with us. About 1 boat length from the finish line, we were about to collide and we had to bear away sharply and crash gybe to avoid collision. We immediately shouted protest. As a result we capsized and we had a hole in our mainsail.

8. Damage Or Injury

Damage on the mainsail
