7. Description Of Incident

While approaching the upwind mark, I was sailing on port tack. ITA 3130 rounded the mark and hoisted the gennaker with a gybeset. About 10 boat lengths from the mark, I was still sailing on port tack and in upwind, when I saw, that ITA 3130 (on port tack and downwind) was going to hit me, so I warned her of that. ITA 3130 headed up and I bore away to avoid contact. We were not able to avoid contact.
