7. Description Of Incident

W French team inside Oman sail before the buoyn, asking for water. She was keeping clear at the beginning but with the current we were pushed against the buoy. We asked for more water but Oman didn't answer at all and luff more. We repaired by a 360 few length after the buoy. Penalising a lot our last turn. We advise Oman sail of our protest and marina militare just before us witnessed all the action. We ask for a redress by the leeward mark score.1
