7. Description Of Incident

During the first upwind, we were portside on the leeward of Norway and u earth. We were arriving in an area where there is not enough water depth so we asked for room to tack at Norway who were the closest and u earth who were windward of Norway. U earth didn't tack so Norway was not able to tack. After asking several times, u earth tacked, too late, we were arrived in the area where it is necessary to put the dagger board up.
