7. Description Of Incident

Ita910 had issues with their hoist, Elvis passed to leeward and was clear ahead to leeward.

When the kite of Ita910 filled they also caught a surf which accelerated the boat. As the kite filled this caused turbulent air to slow down Elvis.

ITA910 came from clear astern to windward and caused a collision between their kite+kitesheet and Elvis. The helmsman on Elvis nearly got the kitesheet of Ita910 around his neck.

After the incident ITA910 didn't respond to the calls of Elvis and didn't seem to have noticed the collision.
