7. Description Of Incident

Fra 11 is on starboard upwind 8 boat s length s under FRA 10.

Fra 11 tack to pass behind FRA 10.

Fra 10 modified his proper course bearing away and the end of tack of 11.

Because the change of the course of boat 10, the only escape of Fra 11 become to come up quickly until to tack again.

Fra 10 was always modifying his proper course as far as Fra 11 had no other escape to tack again to avoid the contact.

We think that modification of his course was extremely risky.

It is not a reasonable move and contact or damage was very close.

8. Damage Or Injury

Nothing
