## 7. Description Of Incident

Race Comitte gave UFD to SUI 49 Karl in race F3 Silver. After Sui submitted a scoring Inquiry and had a private text conversation with Race Officer where Race officer says he was sure it was SUI UFD. SUI gave proof it was not him. Race Comitte was unable to identify correctly the person and gave me the UFD the morning of the next day. I submitted a scoring inquiry asking for a score review and to watch the start video and i wasn't allowed to watch the video. Scoring inquiry answer came several hours later saying that after checking the GPS they attribute me the UFD. Race Comitte wasn't able to identify clearly who or if someone was over the line and used an illegal and unreliable method (gps). The gps gives several positioning errors during the races so it should not be taken in consideration. I submit this protest after receiving answer for my scoring inquiry. I request a redress and for my result to be reinstated.
