7. Description Of Incident

Seeking redress of 36 min for time on scene searching for Hamachi. We deviated course to perform search activities for Hamachi who had been dismasted. Requested last known position from Victoria Coast Guard and were sent to a location (Becher Bay) approx 3nm from where Hamachi was found. Our tracker course is evidence of our diversion to the search location along with proximity to Absolutely who was also performing the search.

Tried to enter redress earlier before time limit but the system was not allowing me to submit successfully.

8. Damage Or Injury

None however the sea state and winds made search activities extremely hazardess to the boat and crew.
