7. Description Of Incident

I was sailing downwind on starboard tack overlapped to windward of Swe 1088 and two boat lengths in front of ITA 853. RUS 1382 was coming upwind on port tack trying to pass in front and windward of both us and SWE 1088. When it was clear that RUS 1382 would not cross we bore away strongly to try to avoid contact but unfortunately there was no way for us to avoid contact.

8. Damage Or Injury

Broken stantions, broken pulpit, lot of damage also the the gel coat and fiberglass on the right side of our boat. We are checking if there is damage also to the bowsprit.
