7. Description Of Incident

I was starting on starboard going close haul towards the race committee boat and then a boat capsized in front of me, I then had to head up even more and almost hit the boat. I then hear boat 3143 screaming at me and realized he was coming in full speed at the committee boat. I proceeded to bear away and crash to prevent boat 3143 from smashing into the rc boat to prevent damage and injury of him.
