## 7. Description Of Incident

I was on my layline on down wind, I was a bit slower than ITA 40. I never change my direction and I inform him by hailing, that I was here for let him time to change his way. But he came down on me and his sail touched my board, so I have to change my way to avoid the crash. I informed him just after this incident by saying 2 times « PROTEST » !!

During the race 3 we where both up wind I was starboard and him port. My feet were in the foosteps and I already recovered my speed from my tack and my VMG was stable on the layline. He came on port and went behind me because I had the priority. He said to me « ROOM » two times, and then that he would not make the protest for this one if I'm not making the one on the previous race. It is clearly blackmail.
