7. Description Of Incident

HUN 10 was on course to the upwind mark on starboard layline and fetching the upwind mark. When I was two boat lengths from the top mark ITA 3073 tried to tack ahead of HUN 10 inside the zone. Before ITA finished the tack, HUN 10 had to point to the wind with the jib flapping and the crew on the water. If HUN 10 didn't avoid the collision, I would have crashed in the middle of Italians boat.

8. Damage Or Injury

No damage.
