7. Description Of Incident

We arrived with Nicolo at the downwind mark really in front of the rest of the fleet (between 100-150m).

We were both in Starboard since 100m, I was upwind from him. I was at the inside, and asked for room at the mark with the words described above but Nicolo didn't let me the place to round the mark, and close the door to me. So I had to break really hard at 2m from the bouey to avoid the contact and to let him go. Nicolo didn't repaired and continue his way till the finish line.

8. Damage Or Injury

Any, no contact.
