7. Description Of Incident

We gybed and around 10 seconds later they ran into us from behind into the stern. They had no overlap. There were no other boats directly around us that could have made it so that they could not move or avoid the contact. We sailed with a straight course and did not make any sudden changes of course. They did not take a penalty turn.

8. Damage Or Injury

We have some boat damage. No damage to their boat.
