7. Description Of Incident

At the start of the sixth race, FRA 2930 were on the wind of NED 2728, we warned them that we were a priority. They tacks despite our warnings. They then touch our boat and while it shoots down they break our elastic that holds the trapeze which makes it unuseable for the rest of the race. Ned 2728 carried out his penalty but we lose a lot of time which makes us finish the round at a very bad position

8. Damage Or Injury

So we had to repair our trapeze elastic and lost time we ask for a redress
