7. Description Of Incident

I was in a straight getting ready to round the 1st boy.

I didn't modify my trajectory and I kept staring straight at the boy,

Then the sailor #43 was going a bit faster upwind of me and he went down wind on me, put his wing straight on me and we both crash.

The I yelled "protest" and tried to get back up as soon as possible.

But the wind was too light so I stayed stuck several minutes at the boy.

The sailor 43 damaged my foil and my board

8. Damage Or Injury

The sailor 43 damaged my foil on the mast and on the front wing.

He also damage my board in the tail part
