## 7. Description Of Incident

Right after the windward mark rounding I was going downwind on starboard tack and Boat CZE was going upwind on port tack. Boat CZE tacked with no warning on starboard. Before completing the tack her bow got stuck on my main sheet. After that I capsized and I was tangled with boat CZE. Before this incident I was 5th. When this incident happens we were tangled and stuck for a long time and lost many positions. I request a redress with average of my placings. After the colision, Boat CZE did not do penalty turns.
