## 7. Description Of Incident

After rounding the Topmark the wind dropped down to less than 2 knots. The kites were even not flying in the end. We were rounding the topmark in 11th place and cause the wind came from the back with different directions the boats behind managed to catch us so we finished 21 and lost 10 boats. We and our witnesses ask the race committee to correct the mistake to not cancel the race to give us and our witnesses average of points or cancel the race after finish.
