Other Comment: No

7. Description Of Incident

I was in line for docking my boat. The boats in front of me all launched around 15 minutes after harbor start because of the wind delaying boats docking off. When I docked off, they time was well after harbor start and I was heading towards the RC boat. A coach from Stamford YC (Cormac Murphy) informed me that the Laser Standard race was in sequence and tried to tow me towards the starting line, but it was too late and the race had begun before I was close to the line.
