APPENDIX A - THE COURSE DIAGRAMS

Appendix B

International Laser Class Association Qualifying and Final Series Formats

1. Introduction

1.1 This addendum applies if boats are divided into fleets to sail a series.

2. Series

2.1 For the series boats that have completed registration will be assigned to fleets of, as near as possible, equal size and ability.

2.2 Initial assignments will be made by a seeding committee appointed by the organizing authority and will be posted by 0900 on the last day of registration.

2.4 In the series boats will be reassigned to fleets after each day of racing, except if on the first day only one race is completed. If all fleets have completed the same number of races, boats will be reassigned on the basis of their ranks in the series. If all fleets have not completed the same number of races the series scores for reassignment will be calculated for those races, numbered in order of completion, completed by all fleets.

2.5 Reassignments will be made as follows: Two fleet format

Rank in series	Fleet assignment
1	1
2	2
3	2
4	1
5	1
6	2
7	2
8	1
9	1
And so on	And so on

2.6 Reassignments will be based on the ranking available at 1900 that day regardless of protests or requests for redress not yet decided.

2.7 A series race will not count until all series fleets have completed that race.

2.8 The fleets will be reflighted each evening, based upon the completed races. The series will end after the final race is finished on 13th March irrespective of the number of races completed.

2.9 If at the end of the series some qualifying series fleets have more race scores than others, any extra races will be abandoned so that all boats in the qualifying series have the same number of race scores.
