## 7. Description Of Incident

Half way up the finishing beat I was sailing on starboard and I can see HKG 228 sailing on port towards me. I then shouted "starboard" in advanced to inform her that I have right of way. However she made no response to give way to me or to avoid collision. Right when she's about to collide with me, she made a tack to starboard, which then caused me to luff up above my closed hauled angle to avoid the collision. I then shouted protest and informed her that she's has broken rule 10. But she made no response to do penalty turns.
