7. Description Of Incident

GER 1629 sailed with the sail on the left side to the windward mark before entering the three-length circle. The other boat had the sail on its right side. GER 1629 screamed for room but the other boat did not react. After further screaming the boat crashes right into the middle of the boat GER 1629. GER 1629 was not able to tac beforehand because there was another boat on its right side which was not able to react this fast. Still, GER 1629 tried to head up but there was no chance to avoid the crash for GER 1629. GER 1629 screamed "protest" and had to cancel all races for the day because water was running into the left tank of the boat. BEL 10 is a witness and saw the whole situation. Missing information will be added as soon as possible.

8. Damage Or Injury

Big hole in the left tank
