## 7. Description Of Incident

I was going downwind when Jessie who was quite in front of me started to do a penalty turn. While she was doing her 360 she did not keep clear of me and crashed her kite into mine. We tangled and I ended up in the water with my kite tangled on not being able to untangle it because of a twist/damage.

## 8. Damage Or Injury

My kite was tangled, I had a twist in my bridles which stayed and I could not continue/finish the race. I just managed to go back beach to change for another kite to be able to race the next race.
