7. Description Of Incident

In the fourth or fifth or sixth repetition of the start for Boys yellow 4th race, the pin end race committee boat was not anchored and they only threw the anchor in the water AFTER the 4 minute signal was made. That led to the pin end boat to drift for the rest of the starting procedure (app. 3.30min). This was clear as the boats were standing on the line and the RC pin end boat drifted and made us all over the line. The main RC boat has surely noticed the wrong doing of the pin end boat and could have annulled the start, but they let it continue and obviously it led to a general recall as most of the boats were over the down-moving starting line. Me and some other boats were on the board scoring a BFD. I am requesting a redress for the 4th race as I was unable to race it, due to the huge mistake done by the RC, thank you.

8. Damage Or Injury
