7. Description Of Incident

Wind shifted left, last downwind became a reach. GBR Hannah was most windward, she was so far windward she had to gybe to the mark. She approached mark 3b reaching on Port being overlapped with the whole fleet. I asked for room, she said she was giving room but it wasn't enough. My boat was 5 cm away from maxime on my left side and I hit Hannah softly with the hull, I was unable to avoid the collision. I said protest
