7. Description Of Incident

I was called over in the last race, but do not believe I was over. I had two different watches synced to the starting sequence and was under the line at 0:01 seconds after the gun had gone. Boats that were punched out on me to Winward of me were not called over. Furthermore, as I was the pin most boat, i had a clear line of sight to the pin and could see they were looking at the race committee in a line that my boat did not cross until well after the gun.

I submitted a scoring inquiry as well, but can find no record of the decision that was made so I am filling out this form as a precaution and would like to go to a hearing.
