7. Description Of Incident

103 approaches the final leeward mark on the starboard layline, on a VMG course on port. 118 is on port and is a full kite line length to windward of 103 and 3 meters further forward of 118. 118 gybes before 103 but gybes outside of the zone. 103 never leaves the zone as she gybes and 118 does not give 103 room to complete the down loop and consequently the kite of 103 completes the down loop behind the lines of 118, while the board of 103 remains above and inside of the board of 118. At this point the kites tangle.

8. Damage Or Injury

There was no damage but both kites were in the water for approximately 2 minutes.
