7. Description Of Incident

First race of the day going second time for upwind mark I tacked on starboard and continued on my course John was coming from port tack and he crashed and didnt keep clear me and he tried to continue on towards me. I had to ducked under him to avoid collision. I lost lots of upwind space and nearly made the top mark.

I didnt see him doing any 360 turn at that moment.

I lost my advantage and some other guy finished I front of me. Because of this reason I want him to get discolification.
