7. Description Of Incident

After the protest hearing of Protest No. 5, the sailors above were the ones with Mikes Lab Foil Systems which haven't been measured so far, therefore they were invited for post-race equipment inspection after racing of event Day 2.

Measurements of the presented front wing and rearwing were taken and compared with the measurements of the registered equipment, the attached list shows were discrepancies were found. However the presented equipment was identified as equipment from the registered series production equipment list and hence eligible to race in this event. The sailors were informed about the discrepancies during measurement and the concomitant protest.

8. Damage Or Injury
