7. Description Of Incident

At the start of race, sgp 2446, the leeward boat, luffed sharply towards head to wind at the race Committee area. We were positioned inbetween the race Committee vessel on windward and boat sgp 2446 on and leeward and slightly ahead. Then sgp 2446 sharply luffed and did not provide sufficient time for me and my helm to avoid and keep clear and because of the presence of the RC vessel, we were limited in our ability to tack off and we were unable to reverse due to the presence of sgp 1539 at our stern. He failed to avoid contact and smashed into our boat on our leeward side, causing it to in turn ram into the race Committee vessel, which after being stuck on the anchor, cause a large tear to our mainsail when the sail came into contact with the roof of the RC vessel.

8. Damage Or Injury

Large tear to new 29er mainsail. Pictures attached.
