7. Description Of Incident

at race 8 from 2,30min before starting the race it was wind shifted to the right and it was obvious after the start immediately must tack! so meantime saw a gap in middle of the starting line and find my place in peace like 4-3 meter leeward of the TPE sailor! so before the start like from second 20sec he start sailing and all the way mainsheet open on my back and during the start i told him up up up windward up but he ignore all the rules and meantime before start i avoid contact ! so he was sailing all over me and my boat and my body with approx 50 degree 70 degree sail open without paying attention to his leeward boat! i had my tactic for that race but because what he did he destroyed my race and meantime he destroyed the rules and safety! we had even few deck to deck crash which i was trying to run away from !

8. Damage Or Injury

totally i avoid otherwise i could be injured and my boat broken!
