7. Description Of Incident

At the start we were under the start boat (like 10-15m under) The wisle for start went of and I put my kite Down to go. I saw boat n.153 not giving me roam to pas under. I ask him to put kite up by shouting. (put kite up!). He did not give me space. We were touching and he still did not put his kite up. So his kite went thru my lines and it was a sirius tangle with both kites in the water for the next few min. I got my kite pu more than 5min after with the help of the rescue boat. While in the water I told him again that I protest him. I did not finish that race.
