## 7. Description Of Incident

While waiting for the board of black flagged numbers to be displayed, we were sailing behind the committee boat. We found that there was boats above and in front of us so to avoid a collision with another boat we had to bear away. The rib was sitting underneath this bunch of boats and didn't move out of the way without noticing this caused a head on collision causing our spinnaker pole to break which restricted us from competing in the race and meant we had to go ashore to replace it.
