## 7. Description Of Incident

The NB1 cancels the result of race 3 for the ILCA6 despite the race was completed on the water. This is unfair, the race committee had the possibility to abandon the race on the water if there was any reason for it, it cannot retroactively abandon the race once complete altering therefore the results that all competitors had on the water.

This creates a very serious precedent where a championship could be decided by a race committee decision rather than the value of the competitors on the water, very debatable decision which requires clarification.

Thank you.
