## 7. Description Of Incident

During the rounding of the upwind mark on the first race of the day (race 5.) boat ITA 218461 was not catching the mark on the starboard tack and it had to tack 2 times in order to round it. During this action I was above and on the starboard layline when he tacked for the second time straight in front of me with not enough distance between which required me to beare away in order to avoid colision. In this maneuver I lost some hight and barely rounded the mark without hitting it (before this I was rounding the mark without any problems) which made my boat slow down a lot and immediately lose 2 places.

I also have a video of the incident.

## 8. Damage Or Injury

There was no contact so therefore no injury or damage
