## 7. Description Of Incident

#30 was to windward and behind me 10-20 seconds prior to the start. His Kite flew into mine and and became tangled. We both had to be rescued and did not finish the race. we were able to untangle the kites on shore and start race 9. however the first time the rear bridle line became loaded, it failed so I could not finish the race either.

I am asking for redress for both race 8 and 9.
