## 7. Description Of Incident

I was leeward and downwind, and I was passing her, she was windward and when we started overlapping I started to request for her to put the kite up, as rule 11 states. I also made sure she had enough time to reach so I had to wait. But she didnt even try to put it up and her kite touched mine and damaged my kite. Since she wasn't putting the kite up I had to go downwind in order to avoid more problems.

## 8. Damage Or Injury

My kite was damaged during the contact and made it impossible to me to go out with the kite the next race penalising me with the kite choice.
