Time 1200h

From Protest Committee

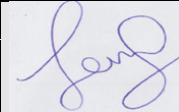

Notice Number 3

Subject: Scoring Enquiry vs Request for Redress Process and Procedures

---

Competitors are strongly reminded that should they believe that there is a **genuine error or mistake** with their posted race or series results by the Race Committee, they should **first** submit a scoring enquiry request either online or via a physical hardcopy form at the Race Control office. The Race Committee will then check their records to determine if they might have made an error and will correct the results accordingly should an error be made on their part. If the competitor still disagrees with the response from the Race Committee, **then** they may escalate the scoring enquiry into a request for redress for the Protest Committee/Jury to try and help to solve the issue.

Please follow this procedure for future races and events to help streamline processes as the correct way forward to deal with your results.
