7. Description Of Incident

during the start of race 8, we were on startboard while fra 2989 was on port near to the pin. fra 2980 started to bear away on port to start at 12 seconds to the start, and we also began to accelerate.

we and fra 2980 were on a route of collision.

At 8 seconds to the start they tried to avoid the contact by luffing but they didn't manage to avoid the contact and even if we tried to bear away their boom touched our hull at 5 seconds to the start. Our hull was damaged.

ita 3262 saw the accident as they were windward of us.
