Other Comment: We hailed Peaches over the radio as soon as practically possible. We hailed that we are protesting because they did not give us room to pass the obstruction Anita Rock. They acknowledged the protest. We hailed over radio because they were out of visual range by the time we could hail.

7. Description Of Incident

We were approaching the obstruction 9.1B (Anita Rock light and closest point ashore) on starboard gybe with Peaches overlapped to leeward and Yellowfin overlapped to leeward of Peaches. We began hailing for room to pass clear of the obstruction 15 boat lengths out. Peaches acknowledged and hailed for room to allow us room to the boat leeward of them. Peaches failed to provide us room to pass the obstruction. We continued to hail for room and we're not given it. Roulette was forced to sail between Anita Rock and the closest point ashore.
