GREEK PLATU 25 GOLD SERIES

The **GREEK PLATU 25 GOLD SERIES** is NO78 sailing team initiative aiming to connect sailing crews from all over the world. Having already organized successfully one design platu 25 cups in previous years we decided to open up the competition by inviting one crew from each country partnering up with us, namely **Ukraine**, **Lithuania**, **Thailand**, and **Italy** together with the Greek crews forming a fleet spanning throughout five different countries and two continents.

It is an effort to collaborate and work together with other countries with a strong presence in the class in order to increase the mobility of crews forming a circuit of invitational races throughout the year, where crews will be able to compete without having to worry about traveling with their equipment.

Having already from previous years a platu cup in the calendar we decided to invite you to join us on the 17th 18th and 19th of March 2023 to practice and race together.

## **NO78 sailing club**

Our club is located at the **greek international sailing center** in Kallithea marina where the 2004 Olympics Games took place.

**location**

Being part of the Athenian Riviera, it is easily accessible from the center of Athens. In the heart of the Saronic Gulf Faliro it is the ideal location for races as it is protected from extreme weather conditions.

## LOGISTICS

To facilitate the foreign crews our club will provide a boat and the corresponding equipment for each country. Upon arrival, we will help you get settled and prepare your boat before the afternoon practice when you will be able to test everything before the races.

We are able to arrange accommodation for the crews inside spacious monohulls located in the marina.

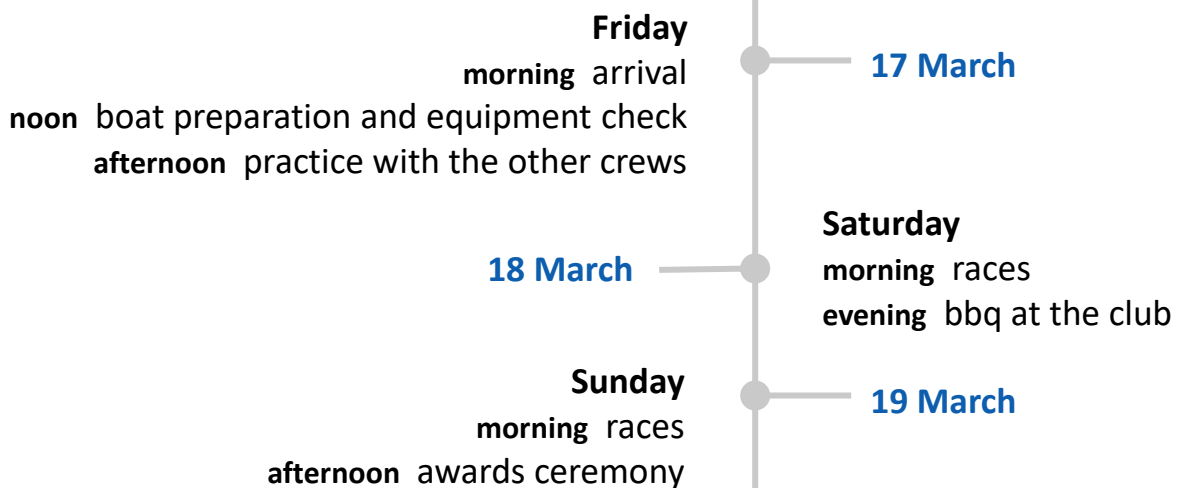

Equipment and accommodation for the crewmembers will be included in the entry fee which will be 600€ per boat.

**ENTRY FEE: 600€ per boat  
(equipment and accommodation included)**
