

## **R.Y.C.C. Savoia – Napoli**

### **Eastern Hemisphere Championship 2022**

**Current conditions:** in the Gulf of Naples, the meteorological scenario is still modulated by an anticyclonic area, which is synonymous of stable weather conditions. Actually, the sky is clear and winds are blowing from north-eastern with an average speed ranging between 10 and 15 knots.

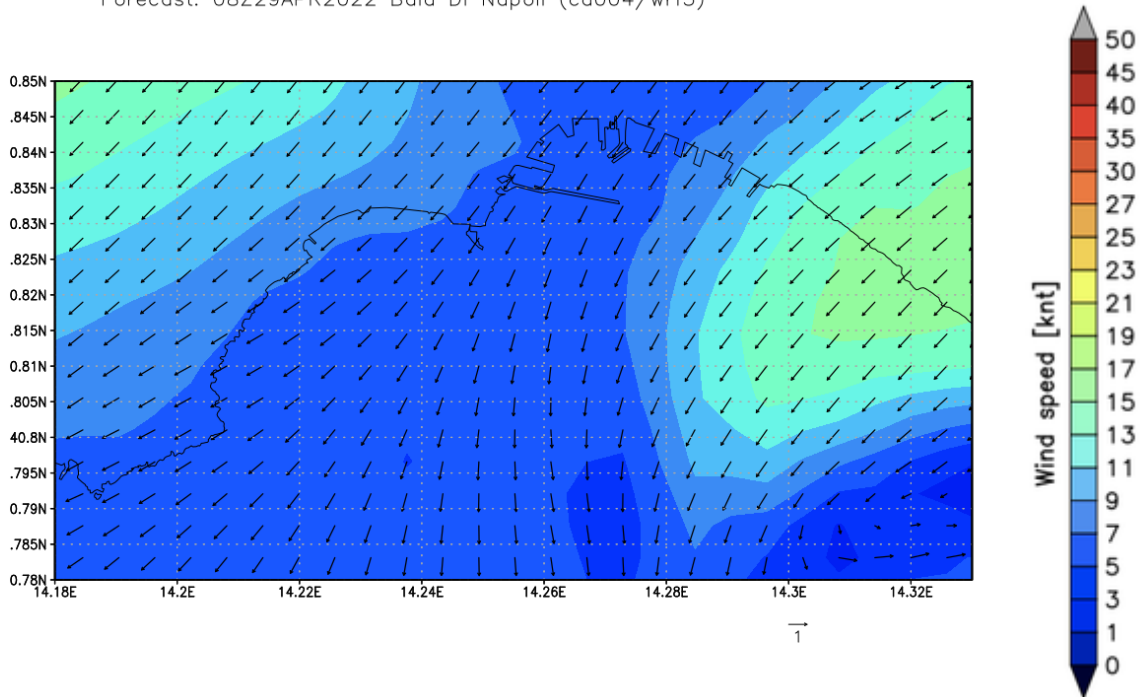

**Weather Forecast for April 29, 2022:** on race area, mostly sunny conditions will occur. The winds will blow from north-eastern with an average speed ranging between 8 and 12 knots. In the morning hours, gusts up 20-24 knots are expected. During the afternoon, a decrease in average wind speed is expected, especially in the western side of Naples bay, where winds between will be very light (1-3 knots) between 04:00 and 06:00 PM. Air temperature will be between 19 and 23°C. Slight to smooth sea is expected.
