7. Description Of Incident

We (SUI154) were rounding the right gate mark (watching downwind), we already finished the mark rounding and sailing upwind. Suddenly the Boat GER 810 as a windward boat started drifting to us and got stuck under our wing. To avoid the collision we had to heel our boat on the leeward because their (GER 810) Wing was under our (SUI 154) Wing.
